DEDICATION — FATHER FRED

Father Fred has been a stand-out personality on our campus for two years. Pictures of the Campus Minister appear throughout the yearbook attending various activities with students. Because of his deep involvement and personal concern for students, we of the *Citadel* staff wish to dedicate the 1976 yearbook to Father Fred Pompei.

Father Fred at 4 years old.

Obviously a very happy baby.

Father Fred at the mature age of 15.

One of Father Fred's favorite passtimes is writing poetry. We of the *Citadel* staff obtained the following poem, written about love by Father Fred, and printed it in hopes of showing some insight into his personality.

Alone, a solitary figure sat in solitude
 and gazed upon his crucified Lord
 A heart filled and whispered softly
 "I love you so"
 In the quiet and stillness of that moment
 His God smiled at him then
 And inside his heart
 He heard him say "I know"
 He brought His love to a mountain, a special place
 and walked amid the colored leaves.
 The sun, its light filtering upon their path
 as they passed a rock where he had sat
 and found their love.
 He stopped and pointed to the ground
 His eyes, a memory of agony and pain
 She turned and looked at him then
 And he heard her say "I know"
 They walked up a hill, a cross was there
 He stood apart from her as she gazed beyond
 He wanted to take her in his arms
 He loved her so
 A gentle breeze crossed their face
 A voice inside him whispered then
 And he heard it say "I know"
 He left that day, a different man
 A solitary figure and his love
 Now she walks beside him and softly takes his arm
 And smiles at him then
 And deep within his spirit
 He hears her say "I know"

SOCCER

This year's Soccer team posted a 7-6 won - lost record, the first winning season under Head Coach William Davenport, with three of the wins being shut outs, unfortunately four of the losses were shut outs also.

Karl Tathem was this year's leading scorer, with 7 goals and 9 assists, he was followed closely by Dennis Chavez, who had 5 goals and 7 assists.

Jeff Angivine had an outstanding season as Broome's goalie allowing only 28 goals through all season.

The entire team deserves praise for a fine season and coach Davenport is to be congratulated for bringing his teams from 0-11-2 to 7-6 in just three short seasons. We wish the Soccer team continued success in future years.

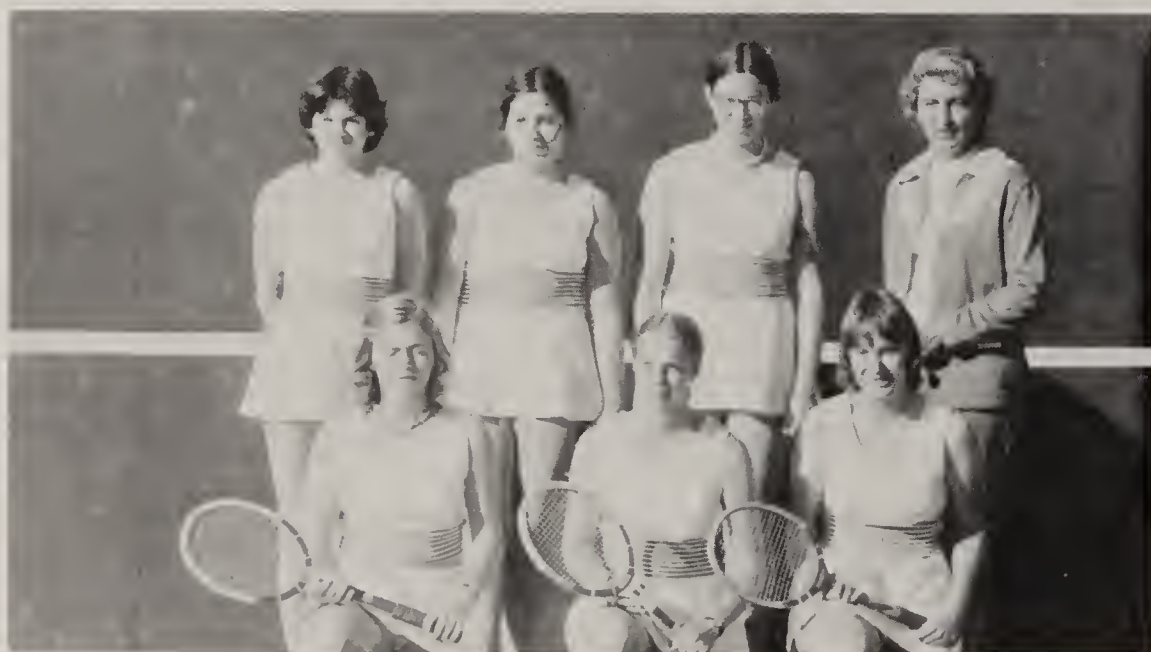

WOMEN'S TENNIS

The Women's Tennis team hustled their way to 7-1 record this season, losing only a heart-breaker to Herkimer.

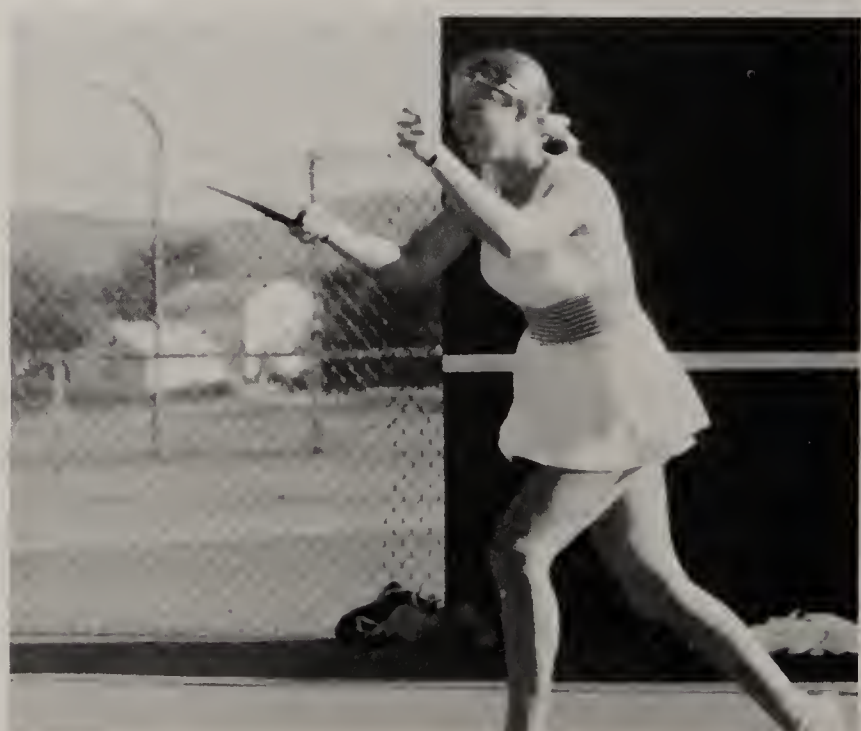

Kim Hartford was the team's outstanding player with an 8-0 personal record, as the team's #1 player. The team's #3 and 4 players, Peggy Smith and Loretta Glover, each posted 7-1 personal records.

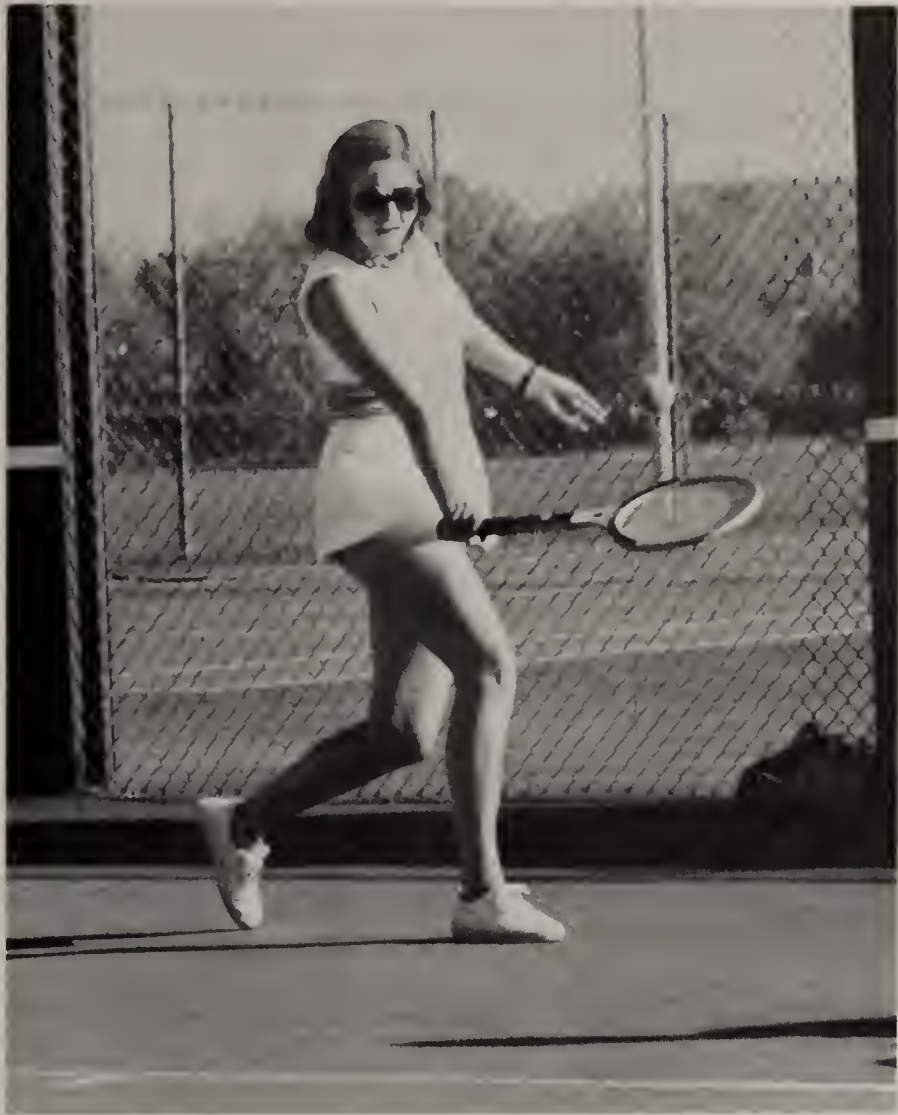

Broome also tied for first in the Region III Tournament because of their 7-1 record, with Kim Hartford receiving a gold medal for herself and a plaque for the school for being the region's overall #1 player.

Congratulations girls, on your team's accomplishments, and especially to Kim Hartford and Nancy Rossiter, the Women's Tennis coach.

Standing, l to r: Linda Revette, Olga Mulinsky, Peggy Smith, Coach Nancy Rossiter.

BASKETBALL

The Basketball Hornets played their way to a 16-9 regular season record, plus won two games in the playoffs (while losing one) to finish with an 18-10 overall record. Despite a slow 2-5 start the Hornets always managed to put up a good battle on home court, putting together a home record of 12-2.

Larry Lane was the team's top scorer and best all-around player. For his great play on both ends of the court, Larry was named to the Region III first team, as well as third team in the national standings.

Pat Duggan, while usually outsized, was never out-manned. Pat was the sparkplug of the offense, hitting on key baskets, and single-handedly breaking the full court press on more than a score of occasions.

Jim Waitcavage was the teams leading rebounder and biggest player, and Jim had a large part to do with the team's success.

Congratulations to the 75-76 Basketball Hornets, and hopes for more success for Coach Baldwin in the future.

CROSS COUNTRY

GOLF

The B.C.C. Golf team finished with the highest won-lost percentage of all of Broome's sports teams, with a 12-1 record. The lone loss was the teams first loss in the past three seasons. Broome's great seasonal record placed them as the number one seed in the regional tournament, unfortunately the team finished in third place.

The brightest note, for an already bright season, was sending Chris Lane to the National Tournament in Galveston, Texas. Chris played well enough in the first and second rounds of the tournament to survive the cut of the field easily, and had a chance of becoming an All-American. Chris missed this honour by a few strokes, but played better than many of the other golfers at the Nationals.

Congratulations to Chris Lane and the entire B.C.C. Golf team for a fine season. Hopefully Coach Lockwood will be able to put another outstanding team on the fairways again next year.

VOLLEYBALL

CHEERLEADERS

EQUESTRIAN

WOMEN'S BASKETBALL.

Front Row: Fran Orzel, Debbie Petrick, Anne Fiacco, Judy Lewis, Fran Snively.
Back Row: Asst. Coach Linda Kenney, Pat Krna, Debbie Adams, Linda Pike, Val Keely, Captain — Deb Bosket, Peggy Smith, Carleen Mohoney, Lynn Newberry, Maureen Toner, Loretta Glover, Manager — Michelle Foran, Head Coach — Jim Abbott.

The Women's Basketball team finished with a disappointing 0-12 season's record, but their record does not tell how good the team could have been. They were continually playing taller opponents (with B.C.C.'s tallest player only 5'11"), and lost four games by 10 pts. or less.

There were streaks of brilliance on both offense and defense in more than one game, but Broome always seemed to let down at a crucial moment and lost games that were not as close as could have been.

The team's leading scorer for the season was Carleen Mohoney with 158 of the team's 417 pts., for a 13.2 pts. per game average.

Hopefully Head Coach Abbott will have more success in his second year as coach than in his first.

BASEBALL

Broome Team Seeded Top In Region

The Baseball team had another fine season, pitching and hitting their way to a 20-6 record. Because of their season's record and Broome's tradition of outstanding baseball teams, Broome was seeded first in the regional competition. The team did not fair as well as it was thought they would, by being shut out in the championship game Broome ended up in second place.

The Baseball Hornets did have a potent hitting attack, lead by Dan Cozza, who hit over .400 as the designated hitter and right fielder. Cozza was named to the regional all star team for his batting feats. On defense the big name was Dave Kernis. Kernis stepped in to second base, after playing third last year. Dave was also named to the regional all star team, marking the third year in a row that Broome's second baseman has made the team. Pitching was strong again this year with over half of the team's pitchers having ERA's of under 2.25.

Hopefully Coach Daub will be able to put another strong team out on the baseball field again next year.

If the Goin' up was Worth the Comin' Down
See him wasted on the sidewalk in his jacket and his jeans.
Wearin' yesterday's misfortunes like a smile.
Once he had a future full of money, love, and dreams
Which he spent like they was goin' out of style.
And he keeps right on a changin' for the better or the worse,
Searching for a shrine he's never found.
Never knowin' if believin' is a blessin' or a curse,
Or if the goin' up was worth the comin' down.

He's a poet, and he's a picker.
He's a prophet, and he's a pusher.
He's a pilgrim, and a preacher, and a problem when he's stoned.
He's a walkin' contradiction, partly truth and partly fiction.
Takin' every wrong direction on his way back home.

Luke Comments On USG's 75-76 Activities

Earlier in the semester I was looking through our "archives" (to the unaided eye a grey cabinet) and stumbled on an old issue of the FULCRUM entitled "Nickerson's Message to BCC." Al Nickerson was a previous student government president, and the newspaper had allowed him 2-3 of the front page for a farewell address.

My emotions were mixed. At first I was mildly jealous that he was given this much publicity. Later a feeling of insecurity began sneaking its way into my heart. You see, by that date I had not been approached by the newspaper and asked to compose a similar article. Did this mean that the feats of my administration had gone undetected? Or, worse yet, were they worthy of note? I told myself that there were still several weeks left yet and that the scribes of the FULCRUM had not felt it appropriate to ask at such an early date.

That notion disappeared when there was only two weeks of school left! I was sitting in the Senate office drafting a scathing editorial blasting the FULCRUM for its lack of interest in the awesome course that history had taken in the past year. As I was slinging mad and downgrading the staff, Dave Gardiner from the newspaper entered the office and asked me if I would like to write a message similar to what I have been describing.

At first I sat back as though doubtfully contemplating the concept. In reality, I would have grabbed him if he hesitated. So, I reluctantly agreed to write this and asked what the deadline would be, (implying I would do it if I had time.) It is now only a few hours since he asked and I am scribbling as fast as possible. To add a final measure of pseudoaloofness I probably wouldn't submit this until a few hours before the deadline.

Anyway, I seem to have gone off on a tangent. Let me call upon my near-photographic memory. (I call it near-

photographic because it only operates while near photographs.) We have made great strides, performed noteworthy achievements, and introduced innovations unequalled in this state. For example: (not necessarily in order of importance)

A student elected to a position in the student government will now be able to earn credit applicable to graduation. This has the effect of reducing the academic workload of a student by eliminating the requirement for an elective course.

A substantial part of the campus believes that the function of the Student Government is to decide on the type of candy in the vending machines, or how much the overdue charge on a library book should be. The work is much more serious and requires a substantial amount of time. Conferring credit is one way to allow a student to participate and simultaneously maintain a respectable average. It is also done in lieu of what is called a stipend.

A stipend is a salary paid to the individual to offset what could have been earned in a part-time job. The idea has merit. However, as for as elected offices are concerned, I feel that it would only tend to attract mercenaries and not represent the best interests of the student body.

The county legislature sought to end open enrollment at this school to reduce their financial obligation and to "increase the quality of education." This defeats the purpose of the community college and penalizes the educationally deprived by guaranteeing that they will remain in that state.

Therefore, we support the faculty of this college when they invoked a "work to rule" policy. At that time the faculty's contract was five months overdue and is still unfinished.

We are now using the campus computer system for finance and maintenance of

documents. The finance program in the computer system is capable of handling approximately 6000 transactions for 65 organization and computing the current balance of any of these immediately. This is another first for this campus and is done in only one other college in the state.

For this I would like to thank Dave Copeland and the computer center staff.

We now have a student on the college Board of Trustees and are now able to directly give "a word to the wise". This past year Ellen Donnelly was on the board and she is being followed by Mary O'Neill.

A new constitution was inaugurated last fall. As a direct result of this:

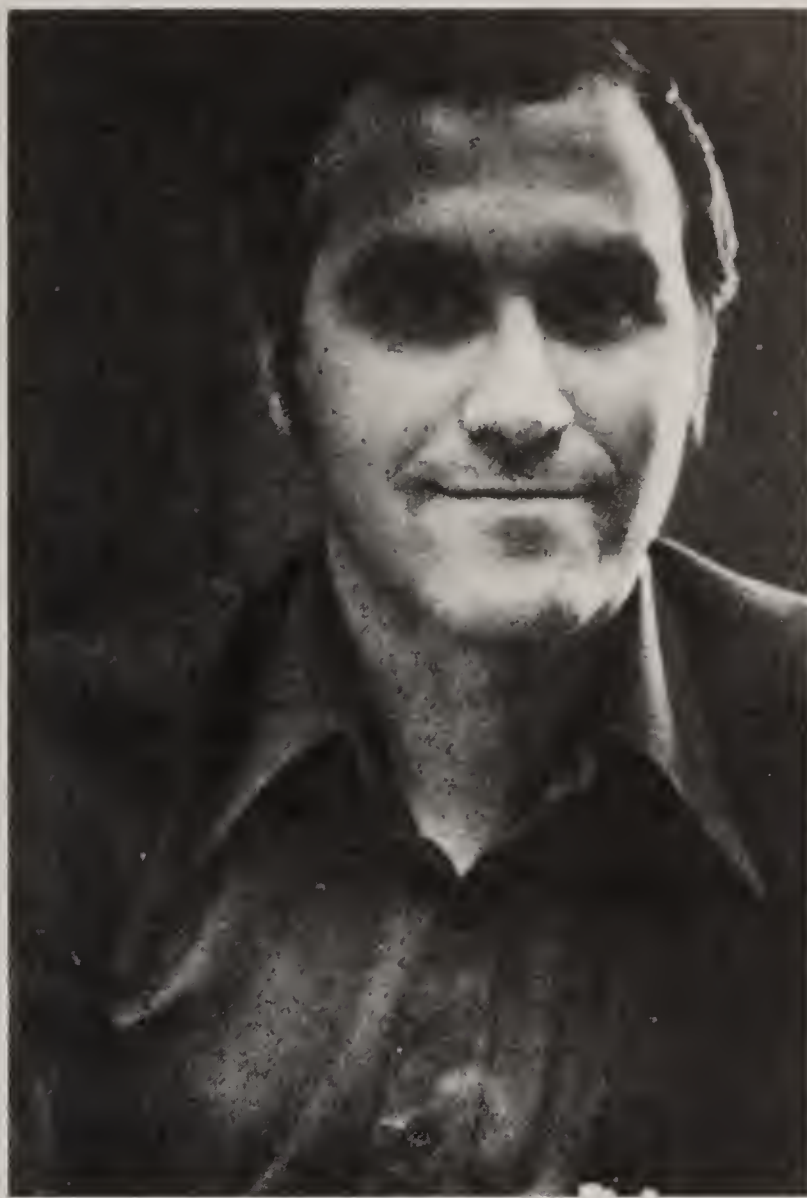

1. Next year's budgets are now completed and the perpetual hassle of not knowing how much money you will receive when it is eliminated. (This is a big first).

2. Club representatives are not required to attend all Senate meetings as they were last year. Instead we have a Club Council that meets periodically to handle club affairs.

3. We have a Judicial Review Board that replicates the purpose of the U.S. Supreme Court.

In all, we have a system that is unexcelled by any community college in this state and is more comprehensive than most four year schools.

Student elections have a history of being contested each semester. However, this

Outgoing USG President Walter Luke.

past election, there were no "grotesque miscarriages of justice", and they are unblemished. I now thank the faculty and administrative personnel who helped at the polling area for their assistant.

BCC no longer has an acting president. Instead, Dr. Blomerly has been instated as our new president and we have one less "acting" position. I feel that it is significant that student government members were on the search committee throughout the entire process and took part in the voting.

Throughout the year, and at the time of this writing, we have battled with college trustees concerning the activity fee. For some mystical reason, they feel that a fixed amount of the Student Activity Fee should be allocated to athletics. They also have a simplistic concept concerning areas receiving Student Activity Fee money; athletics, and then everybody else. Furthermore, it is only incidental that the program is totally funded.

Concluding, we have had excellent relations with the faculty, staff, and administration. It seems that we can accomplish a lot when we're not occupied slandering and downgrading each other. I hope this trend continues. In any case, I would like to thank all the Student Government members who endured through the year and wish our new members good luck.

EDITOR'S MESSAGE

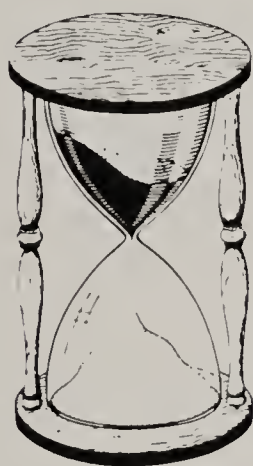

I will admit, that this past year has not been all bad. I met a lot of good friends and together we have had a lot of good times. You will find throughout the 75-76 yearbook, the *Citadel*, how friends have fun together. This yearbook has recorded the past year which has been put together by a few students. I would like to thank these few people who put in a lot of hard work in making it possible. They are: John, Denise, Karen and Lori.

John Bolles, my Associate Editor, put in many long hours doing layouts, which has been desperately needed. Karen Bobik, yearbook Layout Editor, a person who did a lot of yearbook work at home, a thing even I wouldn't do. My Sports Editor, Denise Battaglia, who worked hard at the difficult task of coordinating the sports section. And last, a special thanks to Lori Rich, a staff member, a person who worked hard and long doing any work I asked her to do without a complaint.

All my luck and hope goes to the 75-76 yearbook staff. May you find peace and happiness the rest of your lives.

In conclusion, I will only say I have learned a lot. I have found that life goes by too fast not to enjoy every minute of it, every second of it, a thing I have failed to do this past year. Feeling sad and lost because of past experiences and disappointments makes for a wasted life and I know this only by my own experience. In reality, experience is the best teacher that anyone could ever have.

So, go on in pursuit of a better society in which all can live in peace and happiness, for that is the only society worth having.

Roger A. Hammond

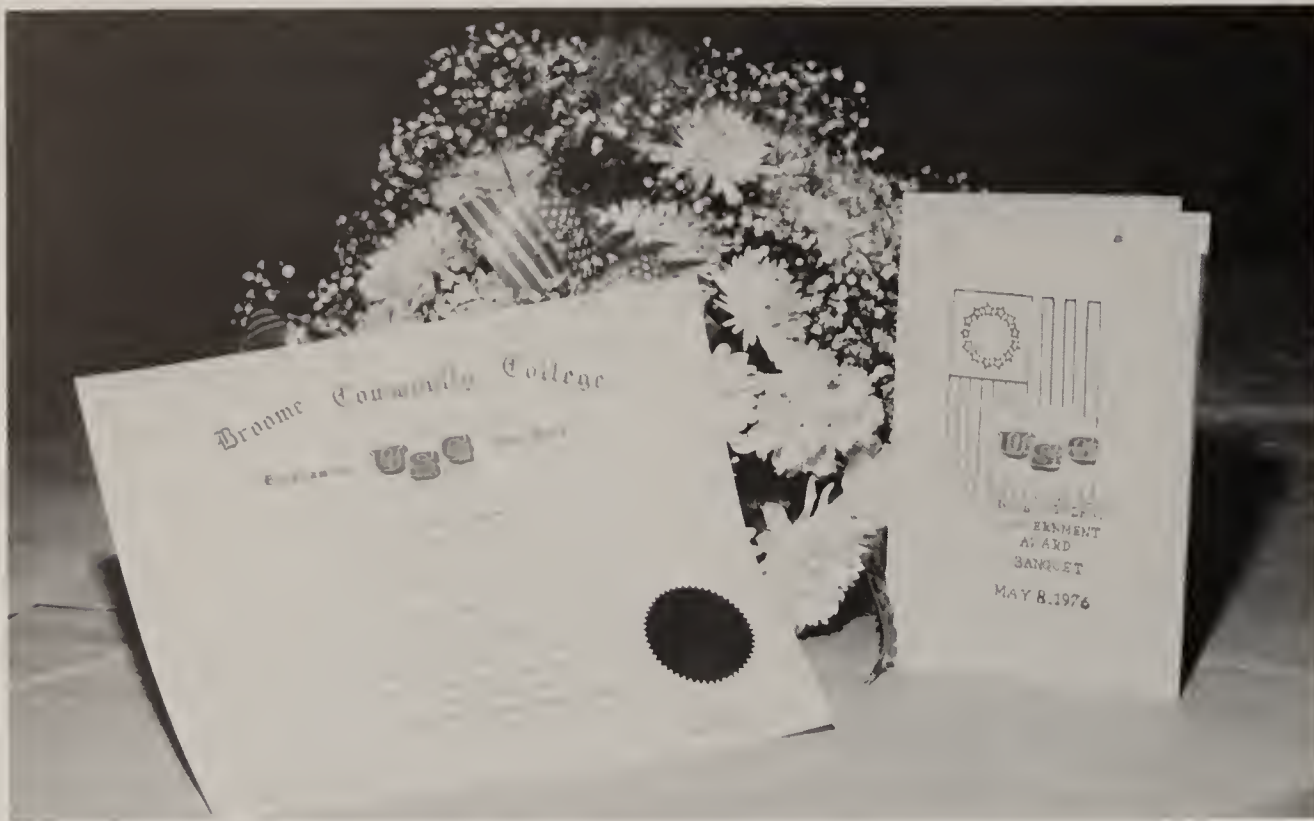

I wrote this little note to fill a void left on the bottom of this page. Although I don't know what to write, I thought I could use a lot of words and say nothing, a trend that is becoming more and more popular, and if you don't believe me read one of Jerry Donnelly's term papers!

I decided to tell about my school year ... Having not missed a class in over three solid weeks in the first semester, I decided to go to a conference in Syracuse. Syracuse lead to Albany, which lead to Washington, D.C. Needless to say my grades fell considerably, but I met many people and I wouldn't trade my experiences for a 4.0 academic average.

To all of the graduating class and all of my friends and anyone else who deserves it, have fun and live happy.

John L. Bolles, Jr.

BROOME'S BI-CENTENNIAL GRADUATES

IN MEMORIAM GOD'S GRANDEUR

The world is charged with the grandeur of God
It will flame out, like shining from shook foil
It gathers to a greatness, like the ooze of oil
Crushed. Why do men then now not reckon his rod?

Generations have trod, have trod, have trod;
And all is seared with trade; bleared, smeared with toil;
And wears man's smudge and shares man's smell: the soil
Is bare now, nor can foot feel, being shod.

And for all this, nature is never spent;
There lives the dearest freshness deep down things;
And though the last lights off the black West went
Oh, morning at the brown brink eastward springs —

Because the Holy Ghost over the bent
World broods with warm breast and with ah! bright wings.
